Community Share	N/A	\$1.93	\$0.23	N/A	\$2.17
TOTAL	\$1.56	\$5.80	\$0.70	N/A	\$8.06

Households Needing Support

This table shows the number of renter households in the region that are currently in need of a new unit or income support in order to be adequately and affordably housed.

Household Type	Supply Backlog	Income Support
Core housing need households (average income: \$17,417)	173	523
Missing middle households (average income: \$49,760)	218	N/A
TOTAL	391	523

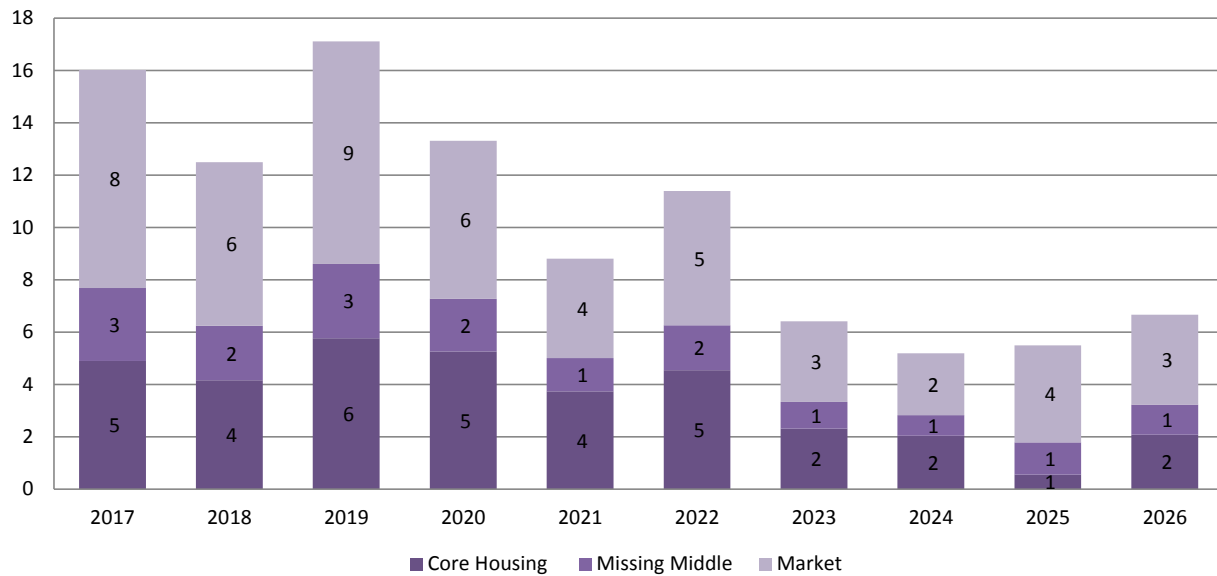

Demand for Affordable Rental Housing

The graph on page 2 displays the number of new rental units that will be required to meet the future demands of households living in core housing need, missing middle housing, and market housing. The estimates come from rental housing demand projections prepared by the BC Non-Profit Housing Association in 2012 and available here:

<http://bcnpha.ca/research/bcnpha-rental-demand-projections-to-2036/>.

New annual rental housing demand by type, Kootenay Boundary, 2017-2026
